I checked on-line and found Mr. Woodson's claim to be a rumor --

Subject: Call from Arthur Woodson of Flint, Michigan -- City of Flint water filters are no longer certified to remove lead

Hi Tom,

I received a call from Arthur Woodson alleging that the Brita chrome faucet filters that the City of Flint is handing out today are no longer NSF certified to remove lead. Who should I follow-up with regarding this claim?

Best wishes,
Heather
